# Camp Objectives

The Marty Beall Soccer Camps are designed to enhance the playing level of each player, regardless of their age or playing experience. Campers will be taught many different techniques, as well as principles of attacking and defending through fun games and activities. Each player will leave the Marty Beall Soccer Camps better skilled and very excited about the wonderful game of soccer.

Our Camps have a primary focus on increasing each player's technique and understanding of the game. There will be a variety of dribbling, passing and shooting activities to help each player become more versatile. Campers will also improve their understanding of the game through the use of dynamic small-sided games.

**Jump Start Camp** is designed specifically to introduce the younger players to soccer in a fun and exciting way. This camp will be geared toward teaching them how much fun the game can be while still learning and understanding what the game is about. They will play a variety of fun activities and get to meet new friends along the way.
